Dear Freedom Parents and Guardians,

We are pleased with the success of these first two weeks of remote learning, but we also recognize the needs of our community and the developmental practices of our students. Through careful monitoring and assessment of daily teaching and student learning, we have decided to make a slight adjustment to our schedule effective Monday, August 31, 2020. We have moved the writing time to the morning, added an additional 30 minutes for 5th grade science and included daily teaching of science and social studies.

This will allow more face to face (asynchronous) time with the teachers and students and allow for all content to be taught daily. We believe this is in the best interest of our students and will continue to be ready, willing, and able to maintain our connection with you and your children. If you have any questions or concerns, please call the office at 210-882-1603.
